

Giving Opportunities

*We need to remember that children are trying, too—trying to understand their feelings and their world, trying to please the people they love, trying to grow. When grownups and children are **trying together**, just about anything can be possible.*

FRED ROGERS

Vision Trying Together envisions a future in which all caregivers feel valued.

Mission Trying Together supports high-quality care and education for young children by providing advocacy, community resources, and professional growth opportunities for the needs and rights of children, their families, and the individuals who interact with them. Trying Together works regionally (in Southwestern Pennsylvania) and takes its expertise and models to statewide and national audiences.

Join Trying Together in supporting the work of early childhood!

When Trying Together collaborates with early care and education professionals, families, and other individuals like you to advocate together, partner together, and learn together, we create a future in which caregivers feel valued; children have access to high-quality, early learning environments; and families have the resources they need to support their children's early learning experiences.

While Trying Together and our partners are working daily to make this future a reality, there are still many children, families, and caregivers in our own neighborhoods who need our help. We need your financial support to continue and expand this work so all children in Southwestern Pennsylvania can experience healthy development and thrive for years to come. Below are several ways you can give today.

Individual Giving

One-time online and monthly electronic deductions save on paper and mailing waste. Visit www.tryingtogether.org/about-us/support today to set-up your tax-deductible contribution. To request a paper donation form, please call 412.421.3889.
