

Child Development Associate (CDA) Series & Renewal

In partnership with the PA Key, Westmoreland County Community College is offering a series of courses that will fulfill the educational training requirements for the infant-toddler, preschool, or renewal CDA credentials. The additional work experience, portfolio, and professional requirements required by the CDA Council must be completed independently by the candidates.

Based on the CDA pursued, students may choose from the following courses, which will be offered at the Youngwood campus beginning in October 2018:

- ECE 190-CDA - Child Health, Safety & Nutrition - October 3, 2018 — May 1, 2019 (every other week)
- ECE 191-CDA - Observation & Assessment - January 15 — April 30, 2019
- Choose one:
 - ECE 179-CDA - Infant & Toddler Development - April 15—July 29, 2019
 - ECE 180-CDA - Child Growth & Development - April 4—July 25, 2019

Each course is 3 college credits and can be applied towards an Associate degree at Westmoreland. The initial certifications require 3 courses, while renewal requires 1 course. Tuition is \$210 per course and \$100 for textbook. Rising STARS Tuition Assistance and the TEACH Scholarship are both accepted at Westmoreland and can be used towards the cost of the courses.

Questions should be directed to Dr. Brandi Weekley at 724.925.6715 or weekleyb@westmoreland.edu or Vicki Hricik at 724.925.4013 or hricikv@westmoreland.edu
