

Communities of Practice

October 2020

SMART Document Uploader, Provider Self Service, & Keystone STARS Supporting Documents

Early Learning Resource Center (ELRC) Region 5 offers Communities of Practice (COP) for early learning professionals to discuss topics of interest, current trends in the field, and offer insight and inspiration to one another. In October, the COP virtual sessions will focus on tips, how-tos, and tools for participants to navigate through Provider Self Service (PSS), where you can apply for or renew child care licensing, submit ELRC online attendance invoices, submit Keystone STARS requests, and update provider profiles; and STARS Management and Reliability Tracking (SMART), a document uploader for the Keystone STARS Designation process.

Saturday, 10/10 | SMART Document Uploader, Provider Self Service & Keystone STARS Supporting Documents

10 a.m. Zoom session:
