

Communities of Practice

January 2021

School Age Child Care Check-In

Early Learning Resource Center (ELRC) Region 5 offers Communities of Practice (COP) for early learning professionals to discuss topics of interest, current trends in the field, and offer insight and inspiration to one another. In January, the COP virtual sessions will give providers the opportunity to discuss their school age care program successes, needs and questions. Participants will be given the most current school-age care updates, information, resources, and professional development opportunities.

Saturday, 1/9/21 | School Age Child Care Check-In

10 a.m. Zoom session:
