

Communities of Practice

June 2021

Positive Interactions

Early Learning Resource Center (ELRC) Region 5 offers Communities of Practice (COP) for early learning professionals to discuss topics of interest, current trends in the field, and offer insight and inspiration to one another. In June, the COP virtual sessions will provide the opportunity for classroom teachers and directors to collaborate with Everyday Interactions Matter Design Strategist Sarah Grubb. This session will offer the opportunity to reflect and support one another as attendees discover new techniques to encourage positive interactions in and out of the classroom.

Registration is required for this session.

For questions, please contact Kathy Wolfe at 412-224-0416.

Saturday, 6/12/21 | Positive Interactions
