Creating a CQI Plan

Early Learning Resource Center (ELRC) Region 5 offers Communities of Practice (COP) for early learning professionals to discuss topics of interest, current trends in the field, and offer insight and inspiration to one another.

In October, ELRC Region 5 Quality Coaches will review the Continuous Quality Improvement (CQI) Plan, its importance to growth and quality, and how it relates to the Keystone STARS standards. Early childhood education directors and administrators will learn how to utilize their Program Observation Instrument (POI) self-assessments and other resources to help create their CQI plan. Participants will have the opportunity to complete CQI goals with their peers in the class using the Keystone STARS CQI Template.

Registration is required for this session. 1.5 PQAS credit hours will be available.

For questions, please contact Holly Cessna at 412-812-1544.
