

Child Care Provider Email Response to Waitlisted Families

Dear [INSERT NAME HERE],

As much as we want to serve your family in our program, we do not have enough staff to accommodate our capacity.

Child care programs such as ours are desperate for support from our state leaders, who are working on the budget right now and could allocate substantial funds to support child care. We are upset that the child care staffing crisis is limiting our ability to serve families like yours. I hope you will join the early childhood community as we fight for a system that can truly support Pennsylvania's children and families.

Thank you.

Best,
