Position: Interactions Design Strategist
Full-Time | Salary Range: \$50,000 – \$55,000

Culture:

Trying Together's mission is to support high-quality care and education for young children.

Trying Together is a Pittsburgh-based nonprofit that supports the work of early childhood by providing advocacy, community resources, and professional growth opportunities for the needs and rights of children, their families, and the adults who interact with them. A fast-paced organization, Trying Together looks for dedicated and passionate staff who bring positivity to their work and a solution-oriented sensibility.

Trying Together encourages its team, partners, and communities to interact compassionately and honor the range of cultures, ideas, and identities that root each person. Young children develop and learn by example; this means that children whose early learning environments reflect just actions, equitable opportunities, diverse representation, and inclusive approaches experience healthier interactions and build relationships that enable them to thrive.

Trying Together is an equal-opportunity employer. Trying Together does not discriminate and encourages qualified candidates of any gender, race, class, sexual orientation, faith, disability, or age to apply. All candidates will be evaluated on a merit basis.

Purpose:

Building relationships from a strengths-based approach are fundamental to this position. The Interactions Design Strategist supports program administrators, educators, and home-based child care providers with developing new skills to continuously improve their daily interactions and achieve increased program quality. The Interactions Design Strategist engages program administration and staff that work with children in a collaborative process that involves reflective communication, professional growth, and goal setting to affirm the importance of human interactions in children's lives. The Interactions Design Strategist's

approach begins by building on what professionals already do well and is based on the understanding that the “active ingredient” in a child’s growth is the developmental relationship between the child and the adults that care for them. The Interactions Design Strategist oversees the project development of the innovative technology tools, Message from Me and MindfulNest and the work of Everyday Interactions Matter (EIM).

General Responsibilities:

- Commitment to racial equity and inclusion and a willingness to do the ongoing personal work to bring about a more just society by actively participating in professional growth opportunities.
